

YOUR MOM probably told you to pick up
after your dog when you're out for a walk,
but did you know:

WALKING THE DOG

- City ordinance prohibits dogs at Farmers Market. It's a health code thing. You could be cited if you and your dog are caught on a Thursday night downtown sniffing around the strawberries.
- Dogs are required to be on leashes and under control at all times in the city – even at Laguna Lake.
- Stray dog on the loose in your neighborhood? Tired of constant barking? Call Animal Control at 781-4400.

Don't let your best friend get you into any more trouble than you're already in.
